## HUNTING SEASON IS HERE!

We live for this! Most of you know how grateful we are here at Hawkeye to be able to do what we love for a living. From the art of a well-trained dog to the thrill of the flush and the skill of the shot, to the hospitality of our lodges and meals, we love everything about upland hunting.

The tradition of the hunt and everything it embodies is just as important today as it was 100 years ago...maybe more so. Hawkeye is committed to preserving that tradition and the hospitality that accompanies it allowing you to enjoy sharing hunts with friends and family.

We are also committed to introducing newcomers, both young and old, to our sport. We believe that sharing our passion for the tradition of upland hunting with a new generation is the only way to ensure its preservation. To that end, we will be hosting special events welcoming new hunters, young hunters, and even teaching more experienced hunters what we know about wingshooting, hospitality, and the outdoor lifestyle we all share.

Long Summers Lead to Great Hunts

We can't wait to welcome you to Hawkeye for the upcoming hunting season. We have spent our summer months hard at work to make this season our best yet. All summer long we have been training dogs, working hard on our fields, habitat, and food plots, building new facilities, maintaining equipment, and even handing out brochures and meeting new friends at summer hunting shows. Everything we do all summer leads up to this.

Our season starts October 1, 2024, and we love to hunt as much as you love to hunt. So, wipe down the shotgun, dust off the boots, and give us a call today to schedule your 2024-2025 Hawkeye experience. We look forward to hosting you all this season.
