THINGS ARE LOOKING UP!

It may be the 'dog days' of summer, but rather than drooping down with heat exhaustion, we are looking up...and forward. Cooler weather and another hunting season are just around the corner, and we always have lots of work to do to prepare for you and your group.

We are busy training dogs, working in the fields, updating lodges and menu items, and all of us are intently focused on our season open date of October 1st. Every bit of sweat equity will pay off once the weather cools, hunters arrive, the birds are flying, and the shots are ringing out.

We are fortunate to have our early season calendar filling up quickly, and we have a lot of old friends we will be seeing to start our season. That said, there are still plenty of dates available for those of you who are thinking ahead and wish to lock-in some dates well in advance.

Remember to like and follow us on [Facebook](#) and [Instagram](#) for the latest in what's happening at Hawkeye!

Kennel Update

As most of you have seen, we pride ourselves in our dogs’ performance in the field. Our off-season training program keeps our pointers sharp, steady, and fit while our flushing dogs get drilled on retrieving, heeling, and behavior. New dogs are brought up working the way we prefer, and older dogs are polished and steadied the way we like them.

Our kennel master, Bryan, along with our guides, work each dog throughout the week and we are always on the lookout for new additions. This year, we have our eye on 3-5 new pointers! Like/Follow our socials and stay tuned to future newsletters for introductions to our newest kennel additions.
